THE COMPLETE LIGHTING SOLUTION

### **Liton**° THE COMPLETE LIGHTING SOLUTION

LITON LED LIGHTING SOLUTION FOR CORPORATE & EDUCATION

#### Corporate

As corporations worldwide become increasingly aware of the cost of energy and its effect on their bottom line, they demand solutions. Research shows that almost 30% of their energy budget goes towards the use and maintenance of inefficient lighting systems. Liton's versatile LED fixtures enhance efficiency, insure sustainability and provide the warmth and beauty of traditional lighting sources. Easily integrated into new lighting plans or existing remodel and retrofit projects, Liton LED fixtures can provide a productive and comfortable environment while generating substantial savings in overall energy costs.

#### Corporate Projects (Liton LED)

24 Hour Fitness HQ Boeing Bldg. 42 Blue Cross/Blue Shield GE Transportation Goodyear HQ Google HQ

Lockheed Martin Northrop Grumman Safeco Plaza Time Warner Union Bank Well Fargo Tower Uber Headquarters

#### **E** ducation

Whether a single classroom or a sprawling campus with several buildings, the learning institution must provide a well-lit but inviting environment. Energy cost containment may be important but the conservation of energy cannot come at the expense of learning. Liton LED fixtures offer many options such as color temperature, CRI, dimming, beamspread and adjustability which allows the customization of the lighting aspects of the classroom. This enhances the learning environment - all while realizing a significant reduction in energy consumption.

LITON LED LIGHTING SOLUTION FOR ENTERTAINMENT & RETAIL

#### Entertainment Projects (Liton LED)

Austin ISD Performing Arts Ctr. Ed Smith Stadium Food Network (Kitchen) Hard Rock Casino Landmark Theaters Malco Theaters Paradise Casino Sea World Universal Studios

#### **E** ntertainment

Whether large venue or small, nightclub or health club, hall, theater or arena, Liton LED has the variety and options necessary to light all or part of any entertainment facility and maximize energy savings. Imagine a movie theater using Liton LED downlights to light the lobby. How about using LinkaLED Bar, Tape or Puck lights to entice hungry customers to the concession stand? What about using Liton's LED rope light to safely guide employees and patrons to seats, restrooms and, more importantly, a clearly marked exit? And what about those restrooms? Liton has the LED products necessary for that need and almost any other. It's amazing to think that we were only discussing a movie theater. When you think of all of the different LED downlights, track heads, undercabinet and safety products that Liton produces, the possibilities are mindboggling.

#### R etail eta

All retail establishments are designed with one goal in mind: to merchandise product so that it sells quickly. Proper lighting plays an essential role in that process. A properly lit store will highlight product and displays, illuminate consumer pathways, give direction to key departments or facilities, including check out, and provide real and perceived security. Studies show that good lighting reduces shrinkage from theft and damage. Liton Lighting provides LED lighting fixtures for any retail environment. Finally, retailers work on very thin margins. Even the cost of lighting is figured into the cost of goods. Liton LED lighting can save as much as 25% in annual energy costs over inefficient lighting.

## **LITON** THE COMPLETE LIGHTING SOLUTION

LITON LED LIGHTING SOLUTION FOR HOSPITALITY & RESTAURANTS

### Hospitality

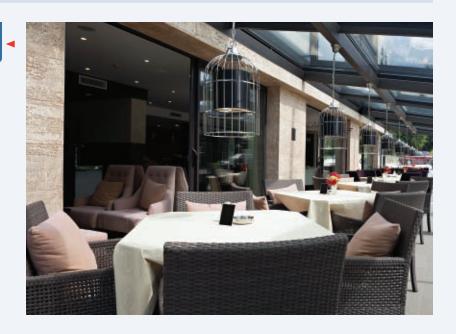

Warmth. Comfort. Elegance. The goal of the host is to make guests feel comfortable and want to come back. A wide range of small aperture LED downlights and task lights from Liton can help to set a welcoming tone for guests – whether they've come to work, play, sleep, dine or simply relax. With no sacrifice to physical comfort or visual elegance, Liton's commitment to LED innovation delivers significant energy savings and an enhanced guest experience.

### **LITON** THE COMPLETE LIGHTING SOLUTION

LITON LED LIGHTING SOLUTION FOR GOVERNMENT & HEALTHCARE

#### Government

Ever heard of the \$1000 ashtray? Yes, the government has had a way of wasting hardearned taxpayer dollars. But 'we the people' have complained and, remarkably, they have listened. Government facilities must now achieve a 30% reduction in energy consumption based upon 2003 levels according to Executive Order 13423. By choosing Liton LED solutions you can achieve an overall 23% reduction in lighting costs alone. Not a bad start towards energy independence.

#### Government Projects (Liton LED)

42nd Military Police Barracks Brighton City Hall City of Creve Coeur City of Gothenburg (Public Works) City of Reno Detroit Metro Airport Erie County Convention Center ESSE Museum Fed. Reserve Bank of Kansas City Minot Air Force Base Tehachapi Police Department

#### **H**ealthcare

Research shows that environment is an important part of patient treatment and recovery. Old-fashioned, inefficient CFL and incandescent lighting can create a depressing visual experience that affects patients and caregivers alike. Liton LED lighting fixtures are a powerful way to support the lighting design goals that are important to healthcare facilities. It improves the patient experience, enhances staff performance, and helps to reduce heath care costs by reducing energy consumption.

### **LITON** THE COMPLETE LIGHTING SOLUTION

LITON LED LIGHTING SOLUTION FOR RESIDENTIAL & HOUSE OF WORSHIP

#### R esidential

As residential customers experience skyrocketing electricity rates, they have begun to count every single kilowatt. Porch lights are left off. They squint in darkened rooms trying to conserve every bit of energy they can. They scour their abodes seeking out every device that consumes a scintilla of phantom power. Selling a residence? Lighting is now an issue. Building a residence? Lighting is in the plans. Buying a residence? Lighting is a consideration. Previously, the only energy efficient solution was CFL, a compromise by any measure. Liton LED lighting fixtures provide outstanding energy efficiency but also provide all of the advantages of traditional technologies

including adjustability, beam spread control, dimming and more apertures than competing brands or lamping technologies. Liton LED fixtures can be price competitive as well with models in every price range.

### House of Worship

Whether church or synagogue, cathedral, mosque or temple – houses of worship present unique challenges for lighting design. Congregants, clergy, staff and visitors come to these spaces with individual needs and expectations. Many of these facilities are multi-purpose and may have different lighting requirements for different functions. Architectural features, artwork, statuary, altars and other important furnishings may need special lighting. All of these situations present challenges easily met using Liton LED lighting. Need adjustability in a recessed LED downlight? How about fine beamspread control? Will dimming help to set the atmosphere? What

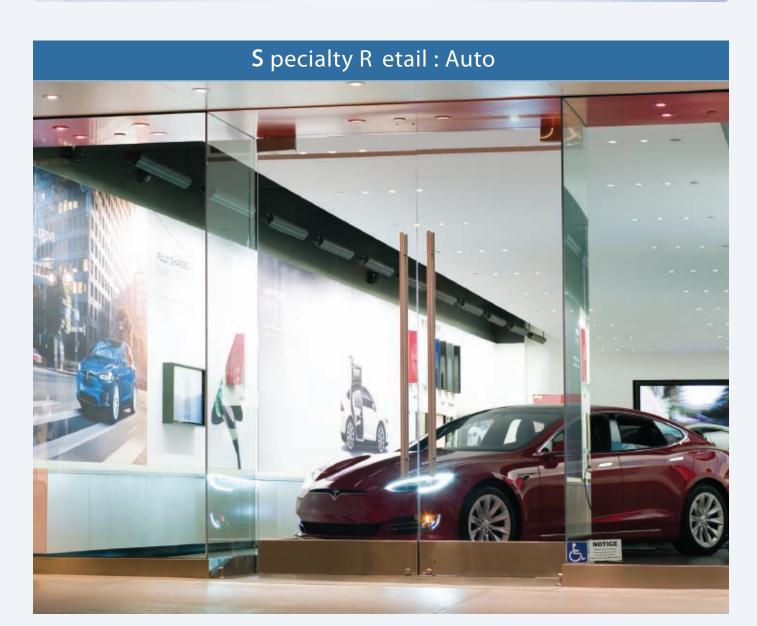

about an LED track head that matches all of the characteristics of your downlights? Liton LED meets all of those requirements and more.

## LITON LED LIGHTING SOLUTION FOR SPECIALTY RETAIL

Auto dealerships look for a visual edge over their competition when showcasing new models in their showrooms. Only the top-of-the-line, most fully-featured models are awarded that valuable real estate. Vehicles are polished and presented in a manner that justifies their cost and whets the appetite of the consumer. In the past, the lighting technology of choice was HID, known for intense color rendition and lots of sparkle. The downside was the finicky nature of that technology, the inability to dim metal halide lamps and the intense heat generated. Now LITON LED, with its high lumen output, choice of CCT and high CRI values, eliminates the downsides of HID and provides comparable output, consistent color rendering, better energy efficiency and lots of sparkle.

## 2" RECESSED LED HOUSING 450 - 600Lm

**DUAL PURPOSE** | NEW CONSTRUCTION & REMODEL 10W/600 LM | 2<sup>13</sup>/<sub>16</sub>" CEILING CUT OUT

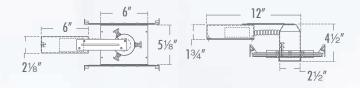

Dual Purpose housing is designed for New Construction and Remodel applications.

#### ARCHITECTURAL SPECIFICATION

Lumen Packages	10W, 600 Lumens
ССТ	1700K, 2500K, 2700K, 2700K 90CRI, 2700 97CRI, 3000K, 3000K
	90CRI, 3000K 97CRI, 3500K, and 4000K Binned to 3-step Macadam
	Ellipses.
CRI	80+ CRI, 90+ CRI Optional
Lumen Maintenance	Min. 50,000 hours L70 life based on ANSI TM-21 calculations from
	LM80 Standardized tests.
IC Rating	Non-IC, Must be kept 3" away from insulation.
Dimming Options	ELV 5%, Incandescent 5%, 0-10V
<b>Emergency Options</b>	EM: 8W, Includes Remote Test Switch, plate cover and j-box.
Input	120V, 120V/277V Universal Option

This miniature LED housing is perfect for low to medium height ceilings in residential and light commercial applications. Its small aperture makes it ideal for strategic placement where space is limited and energy savings is important. A variety of trim styles, finishes, beam spreads and wattages are available to achieve a desired look and lumen output.

- 1 Dual Purpose housing is designed for New Construction and Remodel applications.
- 2 Pre-wired .05" baked enamel 1-piece drawn steel. Integral thermal protector to guard against improper lamping and installation. Trim is secured with internal ClickLok™ locking mechanism.
- 3 16 gauge pre-wired galvanized steel Junction Box, 32 cubic-inch for a maximum of (8) #12 AWG wires. Furnished with (7) 3/4" and (4) Romex knock-outs. Strain clamps to install or remove covers for easy access and ground wire. Equipped w/safety standard fitting for flex-conduit.
- 4 Plaster frame kit supplied with (2) 24" adjustable hanger bars with 90° repositioning ability.
- 5 Hanger bars equipped with nail-less install and serrated barbed studs with captive nails for fast and easy mounting to wood joists or T-Bar Ceilings.
- 6 Set screws lock hanger bars in place and prevent shifting after installation.
- 7 5 1/2" minimum clearance above ceiling recommended for installation and maintenance access.

## **2.5"** RECESSED LED TRIM 900 - 1,400Lm DOWNLIGHT | ADJUSTABLE | ROUND FLANGED & FLANGELESS TRIMS

LITON's all-new 2.5" Architectural LED Series consists of precision grade miniature lighting with round trimless and non-trimless options, adding to our robust family of Specification-Grade Commercial Downlights in a small aperture with powerful lumen output. The modular design of these new downlights enables simple replacement of color temperature, beam spread, finish, and even trim style, resulting in a versatility not seen in other LITON products.

#### BENEFITS

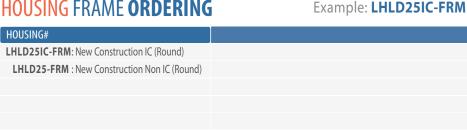

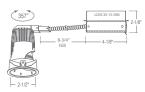

- Small 2.5" Aperture. Available in 5 Reflector Finishes
- Field Replaceable Beam Spread Optics
- Over 900 lumens delivered

- Multiple Accessories Options
- Completely accessible from below the ceiling
- Flangeless models: True "trim-less" design w/ no visible flange

## 2.5" RECESSED LED SQUARE HOUSING 900 - 1,400Lm

**SQUARE** FLANGED & FLANGELESS | 3/4" CEILING THICKNESS

- 1.05" baked enamel 1-piece drawn steel housing adjusts up to 3/4" ceiling thickness. Integral thermal protector to guard against improper lamping and installation. Trim is secured with torsion wing springs.
- 2 Housing suitable for new construction and remodel installations, supplied with (2) 24" adjustable hanger bars. Hanger bars equipped with nail-less install 3/4" serrated barbed studs and with captive nails, for faster and easier secure mounting in wood joists.
- 3 Set-screws lock into position and prevent shifting after installation. Earthquake structural cable compatible for drop panel ceiling or any other mounting that requires direct support from structural ceilings.
- 4 IC rated housing rated for direct contact with low to medium density loosefill blown and rolled insulation. For use with high density loosefill blown insulation, reduce rated lamp wattage accordingly (roughly %15-%20).

## 2.5" RECESSED LED SQUARE TRIM 900 - 1,400LM DOWNLIGHT | ADJUSTABLE | SQUARE FLANGED & FLANGELESS TRIMS

LITON's all-new 2.5" Architectural LED Series consists of precision grade miniature lighting with Square trimless and non-trimless options, adding to our robust family of Specification-Grade Commercial Downlights in a small aperture with powerful lumen output. The modular design of these new downlights enables simple replacement of color temperature, beam spread, finish, and even trim style, resulting in a versatility not seen in other LITON products.

#### BENEFITS

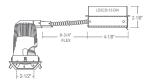

- Small 2.5" Aperture. Available in 5 Reflector Finishes
- Field Replaceable Beam Spread Optics
- Over 900 lumens delivered

- Multiple Accessories Options
- Completely accessible from below the ceiling
- Flangeless models: True "trim-less" design w/ no visible flange

## 3" RECESSSED LED HOUSING 550 - 650Lm

**ROUND** | NEW CONSTRUCTION & REMODEL | 12W/550-650 LM

#### ARCHITECTURAL SPECIFICATION

Lumen Package	12W, 550 to 650 Lumens
CCT	1700K, 2500K, 2700K, 2700K 90CRI, 2700 97CRI, 3000K, 3000K
	90CRI, 3000K 97CRI, 3500K, and 4000K Binned to 3-step Macadam
	Ellipses. 1850K-2700K Warm Dimming available for some items.
CRI	80+ Standard, 90+ Option
Lumen Maintenance	50,000 hours L70 Life based on ANSI TM-21 calculations from
	LM80 Standardized testing
IC Rating	Rated for Insulation Contact and Airtight.
<b>Dimming Options</b>	0-10V 120V/277V, Hi-Lume 1% 120V/277V,
	UniDim™ Universal Dimming, TRIAC/ELV Dimming
<b>Emergency Options</b>	EM: 5W, Includes Remote Test Switch, Plate cover and j-box.
Input	120V, 120V/277V Universal Option

- 1 Bat-Wing bar hanger brackets adjust 3¼" vertically for multiple ceiling types and accepts ½" EMT, 26" C-Channel Strut for T-Bar ceilings and 27" adjustable linear hanger bars for plaster ceilings or metal/wood joists.
- 2 Pre-wired 16 gauge galvanized steel junction box, 32 cubic inches for maximum of (8) 12 AWG wires. Furnished with (7) 3/4" and (4) Romex knockouts. Strain clamps to install/remove covers for easy access.
- 3 Electronic Direct Current UL Listed Driver is mounted in or on the J-box, away from the LED for cooler operation.
- 4 Available for New Construction and Remodel applications.
- 5 Housing is rated for Insulation Contact.
- 6 Pre-wired housing adjusts up to 1½" ceiling thickness.
- Integral thermal protector guards against improper installation.

## 3" RECESSSED LED TRIM 550 - 650 Lm

## DOWNLIGHT | WALL WASH | ADJUSTABLE | LENSED | SQUARE NARROW APERTURE

High-output miniature architectural-grade LED reflector trim for commercial and high-end residential installations. Designed for low to medium height ceilings. Trim ring constructed of heavy-duty die-cast aluminum.

#### **BENEFITS**

- 277V input and emergency battery back-up options
- Driver mounted away from LED for cooler operation
- New High Output 12W LED (6W version available, consult).
- Specification grade 90CRI Option
- LEDs binned to within 3-Step MacAdam Ellipses (SDCM)

## 3" RECESSED LED TRIM 1,200 Lm DOWNLIGHT | WALL WASH | LENSED | SQUARE NARROW APERTURE

High-output miniature architectural-grade LED reflector trim for commercial and high-end residential installations. Designed for low to medium height ceilings. Trim ring constructed of heavy-duty die-cast aluminum.

#### **BENEFITS**

- 277V input and emergency battery back-up options
- Driver mounted away from LED for cooler operation
- Miniature aperture is perfect for hard to light spaces and allows uncluttered ceilings.
- Specification grade 90CRI Option

- LEDs binned to within 3-Step MacAdam Ellipses (SDCM)
- Powerful: over 1200 lumens delivered
- · Replaces obsolete or inefficient lamps. Equivalent to 75W MR16

## 3" RECESSED LED SQUARE HOUSING 600 - 1,200Lm DIMMABLE | MINIARC | ADJUSTABLE 12W/19W SQUARE | 3½" SQUARE CUT OUT

- 1 Housing collar printed with hash marks in 5° increments for 45° of rotation. Collar bracket adjusts vertically from ½" to 1" ceiling thickness
- Effective thermal dissipation facilitated by precisionforged aluminum heat sink
- 3 The LED assembly allows 35° of angle adjustment and adjusts 11/2" vertically to allow positioning the lamp
- 4 Included hanger bars equipped with nail-less install and serrated barbed studs with captive nails

#### ARCHITECTURAL SPECIFICATION

Lumen Packages	12W, Up to 600 Lumens, 19W, 1200 Lumens
CCT	1700K, 2500K, 2700K, 2700K 90CRI, 2700 97CRI, 3000K, 3000K
	90CRI, 3000K 97CRI, 3500K, and 4000K Binned to 3-step Macadam
	Ellipses. 1850K-2700K Warm Dimming available for 12W.
CRI	80+ CRI, 90+ CRI Optional
Lumen Maintenance	50,000 hours L70 life based on ANSI TM-21 calculations from
	LM80 Standardized tests.
IC Rating	Rated for Insulation Contact and Airtight.
Dimming Options	ELV 5%, Incandescent 5%*, 0-10V
<b>Emergency Options</b>	EM: 5W, Includes Remote Test Switch, plate cover and j-box.
Input	120V, 120V/277V Universal Option

- 5 Electronic Direct Current UL Listed Driver is mounted in or on the J-box, away from the LED for cooler operation
- 6 Pre-wired 16 gauge galvanized steel junction box
- 7 Trims are fully die-cast aluminum and powder-coated white for long lasting beauty
- 8 Trim includes a die-cast perforated mesh flange for installations in drywall or plaster ceilings
- 9 Trims held firmly into place by four (4) steel clips
- Three beamspreads: Spot, Narrow Flood, Wide Flood
- Available with frosted lens or lens-free
- 12 Trim equipped with earthquake structural safety cable

## 3" RECESSED LED SQUARE TRIM 600 - 1,200Lm 1-PIECE DIE-CAST | DOWNLIGHT | LENSED ADJUSTABLE

Designed for low to medium ceiling heights in retail, hospitality, commercial and high-end residential applications. Advanced 'hot-aiming' mechanism allows precise and lockable positioning of the square trim prior to drywall or ceiling panel installation. Post installation adjustment of the beam tilt is possible from below the fixture.

#### BENEFITS

- 120V/277V Option
- New Highly Adjustable 3" Square LED housing (LHQLD3) works with LRQ3 and LRXQ3 Phantom Trims
- 12W delivers 600 lumens, 19W delivers 1200 lumens
- Incandescent/ELV Dimming Option
- 0-10V Dimming Option
- Lutron® HiLume 1% Dimming Option

- Remote emergency battery back-up option
- Housing includes LED and aiming mechanism
- Small, unobtrusive 3" size trims
- Seamless Die-cast construction trims for a rich appearance and superior durability
- Frosted lens eliminates lamp image and softens the light

## 3" RECESSED LED FLANGELESS SQUARE TRIM 600 - 1,200 Lm 1-PIECE DIE-CAST | DOWNLIGHT | LENSED DOWNLIGHT | ADJUSTABLE | LENSED ADJUSTABLE

Flangeless 3" 12W/600Lm & 19W/1,200Lm Mini-Arc Square LED Housing (Dimmable). Advanced 'hot-aiming' mechanism allows precise and lockable positioning of the square trim prior to drywall or ceiling panel installation. Post installation adjustment of the beam tilt is possible from below the fixture.

#### BENEFITS

- New Highly Adjustable 3" Square LED housing (LHQLD3) works with LRO3 and LRXO3 Phantom Trims
- 12W delivers 600 lumens, 19W delivers 1200 lumens
- Incandescent/ELV Dimming Option
- 0-10V Dimming Option
- Lutron® HiLume 1% Dimming Option

- Remote emergency battery back-up option
- Housing includes LED and aiming mechanism
- Creates a flat ceiling, zero sight line appearance
- Supplied with earthquake safety tether
- Seamless Die-cast construction trims for a rich appearance and superior durability
- Frosted lens eliminates lamp image and softens the light

## 3.5" RECESSED LED TRIM 650Lm

### DOWNLIGHT | ADJ. WALL WASH | FIXED & ADJ. PINHOLE | SQUARE NARROW APERTURE

High-output miniature architectural-grade LED reflector trim for commercial and high-end residential installations. Designed for low to medium height ceilings. Trim ring constructed of heavy-duty die-cast aluminum.

#### **BENEFITS**

- 277V input and emergency battery back-up options
- Driver mounted away from LED for cooler operation
- New High Output 12W LED (6W version available, consult).
- Insulated Ceiling (IC) Rated Housing
- Singular Optic LED
- LEDs binned to within 3-Step MacAdam Ellipses (SDCM)

## **3.5**" RECESSED LED **HOUSING** 1,200Lm

**ROUND** | NEW CONSTRUCTION & REMODEL | 19W/1,200 LM

#### ARCHITECTURAL SPECIFICATION

Lumen Package	19W, 1200 Lumens				
ССТ	1700K, 2500K, 2700K, 2700K 90CRI, 2700 97CRI, 3000K, 3000K				
	90CRI, 3000K 97CRI, 3500K, and 4000K Binned to 3-step Macadam				
	Ellipses. 1850K-2700K Warm Dimming available for some items.				
CRI	80+ Standard, 90+ Option				
Lumen Maintenance	50,000 hours L70 Life based on ANSI TM-21 calculations from				
	LM80 Standardized testing				
IC Rating	Rated for Insulation Contact and Airtight.				
<b>Dimming Options</b>	0-10V 120V/277V, Hi-Lume 1% 120V/277V,				
	UniDim™ Universal Dimming, TRIAC/ELV Dimming				
<b>Emergency Options</b>	EM: 5W, Includes Remote Test Switch, Plate cover and j-box.				
Input	120V, 120V/277V Universal Option				

- 1 Bat-Wing bar hanger brackets adjust 3¼" vertically for multiple ceiling types and accepts ½" EMT, 26" C-Channel Strut for T-Bar ceilings and 27" adjustable linear hanger bars for plaster ceilings or metal/wood joists.
- 2 Pre-wired 16 gauge galvanized steel junction box, 32 cubic inches for maximum of (8) 12 AWG wires. Furnished with (7) 3/4" and (4) Romex knockouts. Strain clamps to install/remove covers for easy access.
- 3 Electronic Direct Current UL Listed Driver is mounted in or on the J-box, away from the LED for cooler operation.
- 4 Available for New Construction and Remodel applications.
- **5** Housing is rated for Insulation Contact.
- 6 Pre-wired housing adjusts up to 1¼" ceiling thickness.
- 7 Integral thermal protector guards against improper installation.

# 3.5" RECESSED LED TRIM 1,200Lm DOWNLIGHT | ADJ. WALL WASH | FIXED & ADJ. PINHOLE | SQUARE NARROW APERTURE

High-output miniature architectural-grade LED reflector trim for commercial and high-end residential installations. Designed for low to medium height ceilings. Trim ring constructed of heavy-duty die-cast aluminum.

#### BENEFITS

Example: LHJLD419C70UE-D10-EM/C260-J

- 277V input and emergency battery back-up options
- Driver mounted away from LED for cooler operation
- Single LED Optics mimics single point MR16 appearance
- Powerful: over 1200 lumens delivered
- Miniature aperture is perfect for hard to light spaces and allows uncluttered ceilings

	Ellipses. 1850K-2700K Warm Dimming available for some items.				
CRI	80+ Standard, 90+ Option				
Lumen Maintenance	50,000 hours L70 Life based on ANSI TM-21 calculations from				
	LM80 Standardized testing				
IC Rating	Rated for Insulation Contact and Airtight.				
Dimming Options	0-10V 120V/277V, Hi-Lume 1% 120V/277V,				
	UniDim™ Universal Dimming, TRIAC/ELV Dimming				
<b>Emergency Options</b>	EM: 5W, Includes Remote Test Switch, Plate cover and j-box.				
Input	120V, 120V/277V Universal Option				

- 1 Housing painted black to reduce stray light
- 2 Internal gasketing of power supply to eliminate vibration noise
- 3 Easy access power supply mounted inside box for easy maintenance
- 4 Fully die-cast architectural trims

- 5 Die-cast plaster frame for seamless integration with ceiling
- 6 Pre-set mounting holes for ½", 5%", 34", and 1" ceiling thickness for easy installation
- 7 Adjustable 24" hanger bars included with housing

Architectural-grade recessed "Trimless" downlight for low to medium height ceilings for residential and commercial installations.

Flangeless trim design provides a "clean" unobstructed "zero-sight" line ceiling.

## 4" RECESSED LED DOWNLIGHT HOUSING & TRIM 1,100-3,500Lm

**LHALD4/LRALD4** SERIES

One piece, self-flanged dual-reflector LED design enables a clean trim finish, without the need for a secondary trim ring. Heavy-gauge aluminum reflector prevents ugly dents during shipping and installation. Deeply mounted singular LED provides 50 degree visual cutoff for a glare-free appearance. Held in place with two steel pressure vsprings for a tight fit and easy scratch-less removal.

- Specification Grade, 90 CRI Standard
- 2 New 25°, 45°, and 60° Options
- 3 Low Glare Dual-Optical Design
- 4 Tool-Less LED Module Replacement

- **BENEFITS**
- Heavy-duty aluminum LED connector for firm connection
- Driver mounted on external J-Box for cooler LED operation
- Exclusive UniDimTM Universal LED Dimming Option works with 0-10V, ELV and Incandescent Control Systems

## 4" RECESSED LED WALL WASH HOUSING & TRIM 1,100-3,500Lm

**LHALD4/LRALD471** SERIES

Architectural-grade recessed LED downlight utilizes a lens-controlled redirection of the beamspread to light walls, art, signs and graphics.

- Specification Grade, 90CRI and 97CRI options
- 2 All lumen packages use the same housing
- 3 Smooth, scallop free lumen distribution
- 4 1% dimming options: 1% 0-10V, 1% DMX

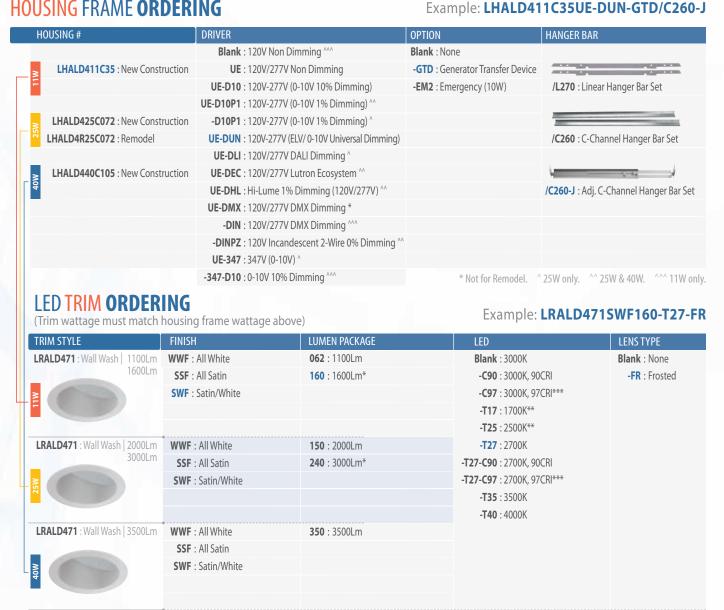

- Heavy-duty aluminum LED connector for firm connection
- Driver mounted away from LED for cooler operation
- 277V input and emergency battery back-up options
- New Construction and Remodel
- One piece self-flanged design allows easy installation
- Smooth, scallop free lumen distribution

#### Example: LHALD411C35UE-DUN-GTD/C260-J

\* Standard in 3000K, 80CRI only. \*\* Extended lead time may apply. Consult factory. \*\*\* Only available in 2700K and 3000K.

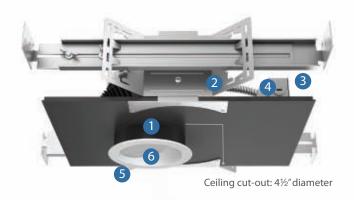

# 4" RECESSED LED ADJUSTABLE HOUSING 1,500 - 4,000 LM LHAJLD4 SERIES | 120V-277V | UP TO 4,000 LUMENS | CRI 90+

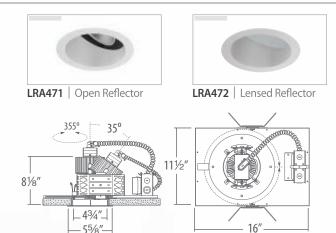

#### An Exceptionally Versatile Luminaire

Designed to function as a 4-inch downlight, wall wash and accent light. Perfectly suited for medium height to high ceilings in commercial, architectural and hospitality applications. Exceptional versatility, very tight binning and high CRI make this product a specifier's dream.

# 4" RECESSED LED ADJUSTABLE TRIM 1,500 - 4,000 LM LHAJLD4 SERIES | 120V-277V | UP TO 4,000 LUMENS | CRI 90+

4-inch Architectural-Grade Square Recessed LED Housing designed for medium to high ceiling heights in retail, hospitality, commercial and architectural applications

- 1 Collar bracket provides 30° of rotation, marked in 5° increments for positioning before drywall installation. Lamp holder assembly allows 35° tilt.
- 2 Housing for new construction installations only, Bat-Wing bar hanger brackets adjust vertically 31/4" for multiple ceiling types. Heavy-duty steel hanger bars (C260-J) optional. Accepts 1/2" EMT, 26" C-Channel Strut for T-Bar ceilings and 27" adjustable linear bar hangers (optional).
- 3 16 gauge pre-wired galvanized steel Junction Box, 32 cubic-inch for a max. of (8) #12 AWG wires. Furnished with (7) 3/4" and (4) Romex knock-outs. Strain clamps to install or remove covers for easy access and ground wire. Equipped with safety standard fitting for flex-conduit.

- 4 Electronic Direct Current LED driver integrally mounted in electric junction box.
- 5 Solid die-cast aluminum construction for long lasting beauty with Steel V-Spring retainers for tight fit and easy servicing.
- 6 UniDim (-DUN) option is a universal dimming system that works with most 3-Wire ELV, 2-Wire Incandescent and 5-Wire 0-10V fluorescent dimmers.

#### BENEFITS

- Features Cree TrueWhite® Technology
- Functions as a Downlight, Wall Wash or Accent Light
- Internal adjustments allow precise aiming of the beam
- Round trim collar rotates to allow exact alignment prior to ceiling finish

# 4" RECESSED LED **SQUARE** DOWNLIGHT **HOUSING & TRIM**

**1,000 - 4,000Lm** | 120V-277V | UP TO 4,000 LUMENS | CRI 90+

4-inch Architectural-Grade Square Recessed LED Housing can be used as a downlight and as an adjustable wall wash. Collar bracket can be rotated up to 30° and locked-In to insure correct alignment prior to ceiling finish. Internal aiming mechanism allows 35° tilt adjustment from below the ceiling for correct placement of the beam. Designed for medium to high ceiling heights in retail, hospitality, commercial and architectural applications.

- 1 Collar bracket provides 30° of rotation, marked in 5° increments for positioning before drywall installation. Lamp holder assembly allows 35° tilt.
- 2 Housing for new construction installations only, Bat-Wing bar hanger brackets adjust vertically 3½" for multiple ceiling types. Heavy-duty steel hanger bars (C260-J) optional. Accepts 1/2" EMT, 26" C-Channel Strut for T-Bar ceilings and 27" adjustable linear bar hangers (optional).
- 3 16 gauge pre-wired galvanized steel Junction Box, 32 cubic-inch for a max. of (8) #12 AWG wires. Furnished with (7) ¾" and (4) Romex knock-outs. Strain clamps to install or remove covers for easy access and ground wire. Equipped with safety standard fitting for flex-conduit.

- 4 Electronic Direct Current LED driver integrally mounted in electric junction box.
- 5 Solid die-cast aluminum construction for long lasting beauty with Steel V-Spring retainers for tight fit and easy servicing.
- 6 UniDim (-DUN) option is a universal dimming system that works with most 3-Wire ELV, 2-Wire Incandescent and 5-Wire 0-10V fluorescent dimmers.

OPTIONAL HEAVY-DUTY ADJUSTABLE HANGER BAR SET (C260-J)

#### **BENEFITS**

- Features Cree TrueWhite® Technology
- Functions as a Downlight, Wall Wash or Accent Light
- Internal adjustments allow precise aiming of the beam

#### **Color Temperature** Options

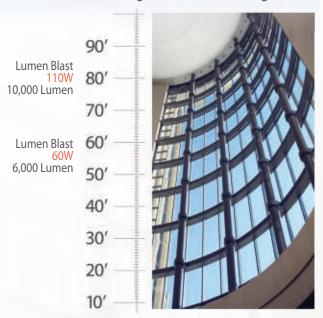

1700K, 2500K, 2700K (90CRI / 97CRI), 3000K (90CRI / 97CRI), 3500K, 4000K Binned to within 3-Step MacAdam Ellipses (SDCM) for Architectural Applications demanding high accuracy

#### 3 Beam Spread Choices

#### Lumen Blast

Delivers Big Footcandles from High Places

## **6**" RECESSED LED LUMEN BLAST DOWNLIGHT **HOUSING & TRIM**

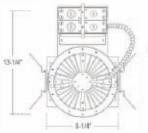

**6,000 - 10,000Lm** | POWERFUL ILLUMINATION FOR ARCHITECTURAL HIGH CEILINGS

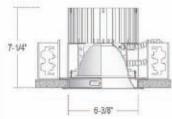

#### **Application**

Architectural-grade recessed LED downlight housing for high ceilings combines energy efficiency with powerful lumen output.

#### Dimming

0-10V 1% dimming option (-D10P1) provides deep dimming to 1% of initial lumens. Works with most 5-wire 0-10V dimming systems. Factory qualified for use with Leviton IP710-DLX and Lutron NTFTV-WH. Dimmable to 1% of initial lumens using DMX dimming controls.

#### ARCHITECTURAL SPECIFICATION

LUMEN PACKAGES	60W (6,000Lm) 110W (10,000Lm)
ССТ	1700K, 2500K, 2700K, 3000K, 3500K, 4000K
CRI	80CRI standard, 90CRI and 97CRI option
GLARE CUT-OFF	50°
LED LAMP LIFE	50,000 (L70 from TM21 Calculations based on LM80 Tests)
DIMMING OPTIONS	1% 0-10V, 1% DMX
INPUT	120V/277V

#### **Beam Spread**

Available in Flood, Spot and Wide Flood.

#### Driver

120V/277V AC 50/60Hz Electronic Direct Current Class 2 driver integrally mounted on large access Junction Box. Power Factor > 0.90. Operating Temperature: -10°C to +80°C. Accessible from above or below ceiling. Consult factory for dimming options and compatible dimmers.

#### **Insulation Contact**

Non-IC rated housing must be kept 3" from insulation.

#### **Junction Box**

16 gauge pre-wired galvanized steel double Junction Box, 64 cubic-inch for a maximum of (8) #12 AWG wires. Furnished with (10) 3/4", (2) 1" and (8) Romex knockouts. Strain clamps to install or remove covers for easy access and ground wire. Equipped with safety standard diecast aluminum fitting for flex-conduit.

#### Mounting

Housing suitable for new construction installations only, Bat-Wing bar hanger brackets adjust vertically 3 1/4" for multiple ceiling types and accepts 1/2" EMT. 26" C Channel Strut for T-bar ceilings and 27" adjustable linear hanger bars for plaster ceilings or wood/metal joists. Heavy duty 16-gauge, die-formed galvanized steel. Bar hangers optional.

#### An Exceptionally Versatile Luminaire

Designed to function as a 6-inch downlight, wall wash and accent light. Perfectly suited for medium height to high ceilings in commercial, architectural and hospitality applications. Exceptional versatility, very tight binning and high CRI make this product a specifier's dream.

# **6"** RECESSED LED ADJUSTABLE **TRIM** 1,500 - 4,000 Lm LHAJLD6 | 60W LED | 120V-277V | UP TO 4,000 LM

LRA671WWF | Open Wall Wash

LRA672WWF | Lensed Wall Wash

Architectural 6" Adjustable Round LED Housings are designed for medium to high ceiling heights in retail, hospitality, commercial and architectural applications. Advanced 'hot-aiming' mechanism allows precise and lockable positioning of the trim prior to finishing the ceiling. Post-installation adjustment of the beam tilt is possible from below the fixture.

- Collar bracket provides 30° of rotation, marked in 5° increments for positioning before drywall installation. Lamp holder assembly allows 45° tilt.
- 2 Housing for new construction installations only, Bat-Wing bar hanger brackets adjust vertically 31/4" for multiple ceiling types. Heavy-duty steel hanger bars (C260-J) optional. Accepts 1/2" EMT, 26" C-Channel Strut for T-Bar ceilings and 27" adjustable linear bar hangers (optional).
- 3 16 gauge pre-wired galvanized steel Junction Box, 32 cubic-inch for a max. of (8) #12 AWG wires. Furnished with (7) 3/4" and (4) Romex knock-outs. Strain clamps to install or remove covers for easy access and ground wire. Equipped with safety standard fitting for flex-conduit.

- 4 Electronic Direct Current LED driver integrally mounted in electric junction box.
- 5 Interchangeable optics allow polycarbonate lens to be changed in the field to modify beamspread. No tools required.
- 6 UniDim (-DUN) option is a universal dimming system that works with most 3-Wire ELV, 2-Wire Incandescent and 5-Wire 0-10V fluorescent dimmers.

OPTIONAL HEAVY-DUTY ADJUSTABLE HANGER BAR SET (C260-J)

Dimmable

#### **BENEFITS**

- Features Cree TrueWhite® Technology
- Functions as a Downlight, Wall Wash or Accent Light
- Internal adjustments allow precise aiming of the beam
- · Round trim collar rotates to allow exact alignment prior to ceiling finish

# **6" RECESSED LED ADJ. SQUARE HOUSING** 1,500 - 4,000 LM LHAJLDQ6 | 60W LED | 120V-277V | UP TO 4,000 LUMENS | CRI 90+

#### An Exceptionally Versatile Luminaire

Designed to function as a 6-inch square downlight, wall wash and accent light. Perfectly suited for medium height to high ceilings in commercial, architectural and hospitality applications. Exceptional versatility, very tight binning and high CRI make this product a specifier's dream.

# **6"** RECESSED LED ADJUSTABLE **SQUARE TRIM** 1,500 - 4,000 Lm LHAJLDQ6 | 60W LED | 120V-277V | UP TO 4,000 LUMENS | CRI 90+

**LRAQ602** | Reflector w/ Lens

LRAQ621 | Open Reflector

LRAO671 | Wall Wash w/ Lens

**LRAO672** Open Wall Wash

Architectural-Grade Square Recessed LED Housing can be used as a downlight and as an adjustable wall wash. Collar bracket can be rotated up to 30° and locked-In to insure correct alignment prior to ceiling finish. Internal aiming mechanism allows 35° tilt adjustment from below the ceiling for correct placement of the beam. Perfect for most architectural downlight and wall wash applications.

- 1 Collar bracket provides 30° of rotation, marked in 5° increments for positioning before drywall installation. Lamp holder assembly allows 35° tilt.
- 2 Housing for new construction installations only, Bat-Wing bar hanger brackets adjust vertically 31/4" for multiple ceiling types. Heavy-duty steel hanger bars (C260-J) optional. Accepts 1/2" EMT, 26" C-Channel Strut for T-Bar ceilings and 27" adjustable linear bar hangers (optional).
- 3 16 gauge pre-wired galvanized steel Junction Box, 32 cubic-inch for a max. of (8) #12 AWG wires. Furnished with (7) 3/4" and (4) Romex knock-outs. Strain clamps to install or remove covers for easy access and ground wire. Equipped with safety standard fitting for flex-conduit.

- 4 Electronic Direct Current LED driver integrally mounted in electric junction box.
- 5 Solid die-cast aluminum construction for long lasting beauty with Steel V-Spring retainers for tight fit and easy servicing.
- 6 UniDim (-DUN) option is a universal dimming system that works with most 3-Wire ELV, 2-Wire Incandescent and 5-Wire 0-10V fluorescent dimmers.

OPTIONAL HEAVY-DUTY ADJUSTABLE HANGER BAR SET (C260-J)

Dimmable

#### **BENEFITS**

- Functions as a Downlight, Wall Wash or Accent Light
- Internal adjustments allow precise aiming of the beam
- Square trim collar rotates to allow exact alignment prior to ceiling finish

# **WALL MOUNT LED** 1-DIRECTION

#### ROUND AND SQUARE | 1-DIRECTIONAL LED DOWNLIGHT | 850 LM - 1,250 LM

#### Housing

Constructed from a round onepiece high grade aluminum extrusion with a rectangular extrusion arm, end cap, faceplate and a mounting plate with a powder coat finish. Includes COB LED, reflector and LED driver. Mounting plate is secured to arm with two (2) flat head Phillips stainless steel screws. Mounting plate installs onto a junction box. Consult factory for junction box mounting sizes.

#### **Benefits**

- · Uniform, low glare illumination
- Durable, Corrosion-resistant finish
- Emergency back up available
- Singular COB Light Source
- 5 year limited warranty

#### **Finish**

A 7-stage electrostatic, polymer process provides a finish that delivers outstanding durability, superior anti-aging, resistance to corrosion and UVdegradation Available in Black, White, Bronze\* and Silver\*.

#### Dimming

(-DUN) option is a universal dimming system that works with most 3-Wire ELV, 2-Wire Incandescent and 5-Wire 0-10V fluorescent dimmers.

#### Dark Sky

Dark Sky compliant when fixture is pointing downward.

#### I FD

Energy efficient Chip-On-Board (COB) Singular LED Light Source provides for smooth uniform light output, eliminating the multiple shadow effect seen by multiple LED Source products. Binned with 4-step MacAdam ellipses as recommended by ANSI Standard. Available in 4000K, 2700K\*, 3000K, 3500K\*, 5000K\*, 5600K\* and 590nm AMBER\*.

#### **Faceplate**

Round one piece extruded aluminum with powder coat finish, clear tempered glass lens, and silicone o-ring. Faceplate is secured to the housing by threads.

#### Warranty

Covered by a 5 Year Warranty to be free of defects in materials and craftsmanship. Fixture should not be installed in applications with ambient temperature above 60 degrees C. Doing so will result in reduced lamp life and voided warranty.

\*\* Select models.

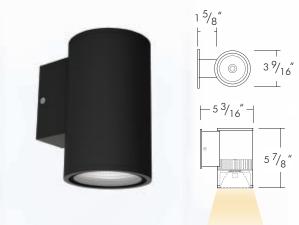

<sup>\*</sup> Special order, minimum order, and extended lead time may apply. Consult factory.

#### **Application**

This WD1 Series directional Wall luminaire can be used in both interior and outdoor settings and can be pointed up or down. Typical locations are in commercial and retail spaces that contain walls and/or columns that require directional lighting. Can be used as a downlight for direct illumination or as an uplight for indirect illumination of architectural facades.

## WALL MOUNT LED 2-DIRECTION

#### ROUND AND SQUARE | 2-DIRECTIONAL LED DOWNLIGHT | (2)850 LM - (2)1,000 LM

#### Housing

Constructed from a round high grade aluminum extrusion with a rectangular extrusion arm, two (2) faceplates and a mounting plate with a powder coat finish. Includes COB LED, reflector and LED driver. Mounting plate is secured to arm with four (4) flat head Phillips stainless steel screws. Mounting plate installs onto a junction box. Consult factory for junction box mounting sizes.

#### **Benefits**

- · Uniform, low glare illumination
- Durable, Corrosionresistant finish
- Emergency back up available
- Singular COB Light Source
- 5 year limited warranty

#### Dimming

(-DUN) option is a universal dimming system that works with most 3-Wire ELV, 2-Wire Incandescent and 5-Wire 0-10V fluorescent dimmers.

A 7-stage electrostatic, polymer process provides a finish that delivers outstanding durability, superior anti-aging, resistance to corrosion and UVdegradation Available in Black, White, Bronze\* and Silver\*.

Back-up available, remotely mounted adjacent to housing by installer. When AC power fails, the device immediately switches to the emergency mode, operating the LEDs for a minimum of 90 minutes. Remote test switch, plate cover and junction box included.

Energy efficient Chip-On-Board (COB) Singular LED Light Source provides for smooth uniform light output, eliminating the multiple shadow effect seen by multiple LED Source products. Binned with 4-step MacAdam ellipses as recommended by ANSI Standard.

Round one-piece extruded aluminum with powder coat finish, clear tempered glass lens, and silicone o-ring. Faceplate is secured to the housing by threads.

#### Warranty

Covered by a 5 Year Warranty to be free of defects in materials and craftsmanship. Fixture should not be installed in applications with ambient temperature above 60 degrees C. Doing so will result in reduced lamp life and voided warranty.

Replaces

2x42W CFL

300W Incandescent

#### **Application**

Architectural-grade surface mount LED downlight housing for medium to high ceilings combines energy efficiency with powerful lumen output. Perfect for atriums, churches, lobbies, and airports.

Dimmable

#### Mounting

Universal mounting hardware allows mounting to all standard electrical junction boxes. Optional pendant cable and wall mount assemblies available, requires two field drilled holes.

#### Thermal Management

Effective thermal dissipation facilitated by integral spun aluminum, heat sink design for maximum heat rejection to provide long LED life.

Recommended ambient temperature is below 35° C to achieve minimum L70 life of 50,000 hours according to LM80 standard.

#### Warranty

Covered by a 3 Year Warranty to be free of defects in materials and craftsmanship. Fixture should not be installed in applications with ambient temperature above 60° C. Doing so will result in reduced lamp life and voided warranty.

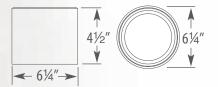

#### Driver

On-Board Electronic Direct Current driver pre-installed in trim. Comes standard with dimming option. Smoothly dims down to 10% with Electronic Low Voltage dimmers.

#### Safety Labels

FTI /cFTI listed to UI 1598 and UL8750. Suitable for dry and damp locations.

 NYC Approved: Calendar #41937

#### **Lumen Maintenance**

Minimum 50,000 hours L70 life based on ANSI TM-21 calculations from LM80 standardized test results. 80+ Standard, 90 CRI Option

\*Not available for 1100Lm/1500Lm. \*\*\* Not available for 6,000Lm. \*\*\* Nominal delivered lumens, see photometry page for exact values. \*\*\*\* Ext. lead time may apply. Consult factory. \*\*\*\*\* Only available in 2700K and 3000K.

LITON's Lumen Cannon is both powerful and versatile. Listed below are suggested layouts to achieve desired FC's from 9' to 60' ceiling heights. These calculations were based on a 50'

Other results can be obtained by varying lumen package,

PRODUCT	CEILING HEIGHTS (FT)	O.C SPACING (FT)	FOOTCANDLES	MIN/MAX RATIO
LCALD6101	9′	6' x 6'	35.0	1.0:1
1,400 Lm	9'	8' x 8'	19.1	2.2:1
	12'	6' x 6'	34.3	1.1:1
	15'	6' x 6'	33.5	1.1:1
	18'	6' x 6'	32.5	1.1:1

#### **LUMEN CANNON MOUNTING OPTIONS**

LED 4 & 6" HIGH LUMEN CYLINDER MOUNTING OPTIONS

### **LCALD MOUNTING OPTIONS**

LED 4 & 6" HIGH LUMEN CYLINDER MOUNTING OPTIONS

### **LPCM**

Pendant Accessory for Flat Ceilings. Extensions in 12", 18", 24", 36" and 48". Black, White or Natural Finish

Cable Extension Kit 72" Aircraft-grade cable Field cuttable Black or White Finish

LPCMJ

Pendant Accessory for Sloped Ceilings. Extensions in 12", 18", 24", 36" and 48". Black, White or Natural Finish

#### LWMLD6

Wall Mount Bracket for 6" Lumen Cannon. Extension Arm Available Black, White or Natural Finish

LMPT4

1-Circuit / 2-Circuit Track Adapter for 4" Lumen Cannon. Fits LITON Track

LMPT6

1-Circuit / 2-Circuit Track Adapter for 6" Lumen Cannon. Fits LITON 3-Circuit/1-Neutral Architectural Track

# **APOLLO LED TRACK LIGHTING**

ARCHITECTURAL | LED TRACK LIGHTING | 30W/3000 LM

AP OLLO

**LTD7430** 30W, 3000 Lumen

Apollo - Architectural LED Track Head

ALSO AVAILABLE IN 3-CIRCUIT/1-NEUTRAL & 2-CIRCUIT/2 NEUTRAL Visit us online www.liton.com

# **APOLLO LED TRACK**

**ARCHITECTURAL** | 30W/3000 LM

### 4 Color Temperatures

2700K, 3000K, 3500K, and 4000K.

#### 5 Powerful Lumen Packages

10W (850Lm), 15W (1,600Lm), 30W (3,000Lm), 50W (4,500Lm), and 60W (6,000Lm).

# LTD7410 LTD7415

#### **Specification-quality Optics**

3-Step MacAdam Ellipse Binning (SDCM), High 90CRI Option.

#### 3 Beam Spreads

Available in 3 beam spreads (Spot, Narrow Flood and Flood) to deliver maximum control over your light distribution.

#### 3 Beautiful Designs

Precision design features solid die-cast construction, with no visible wires.

#### **Durable Powder Coat Finish**

For long lasting beauty. Available in White with Black heat sink, and all Black finishes.

#### Standard & Architectural Track

Works with both Liton standard, and architectural track lighting.

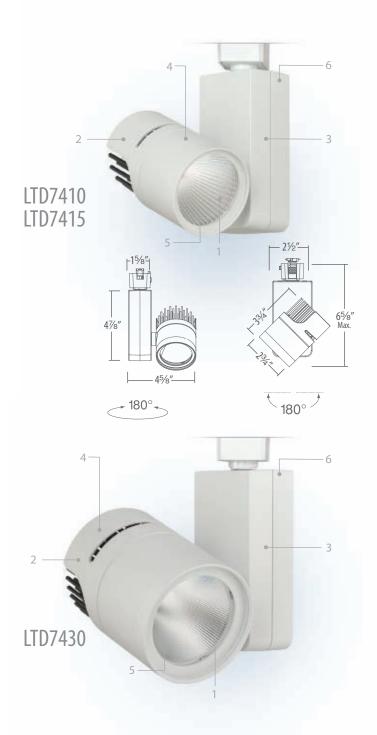

#### Lamp Life

50,000 Hrs. based on ANSI TM21 calculations from LM80 standardized test results.

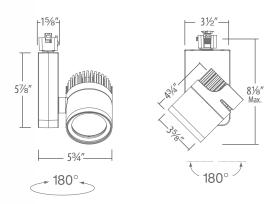

# **APOLLO LED TRACK LIGHTING**

ARCHITECTURAL | LTD7410 | LTD7415 | LTD7430

### **FEATURE**S

- 16W 32W, 1100Lm 2900 Lm packages
- 4 CCT Options: 2700K, 3000K, 3500K, 4000K.
- Xicato LED Modules available. Consult Factory.
- 80CRI Standard, 90CRI Option
- 3 Beamspreads: Spot, Narrow Flood & Flood
- 50,000 Hrs. based on ANSI TM21 calculations from LM80 standardized test results.
- Long lasting Powder Coat Finishes
- Available in White with Black Heat Sink and All Black
- Works with LITON Standard and Architectural Track (See website).
- 1 High Lumen Output
- 2 High Quality, Die-cast construction.
- 3 | ELV Dimming Option
- 4 Precision design insures firm positioning.
- 5 | Specification-quality optics featuring 3-Step MacAdam Ellipse Binning (SCDM)
- 6 Sleek, professional design, no visible wires or drivers.
