

## LR541 - SELF FLANGED REFLECTOR 5" COMPACT FLUORESCENT TRIMS

### PROJECT INFORMATION

Type :

Project :

Catalog # :

### FEATURE(S):

### SPECIFICATION

CFL 18W Max DTT  
32W TTT

**Application:** Great for basic area lighting of a room or space. The 5" reflector trims produce a low, bright illumination with a choice of reflector and trim ring color combination. The clear reflector produces a maximum light output while minimizing the source. The black reflector creates a "hidden" effect that obscures the glare of the lamp. All of the color choices create an outstanding general illumination that is suitable in both residential and light commercial applications.

**Mounting** Steel pressure springs mounted on trim to ensure positive retention inside housing.

**Finish:** Available in Clear Reflector/White Flange, White Reflector/White Flange and Clear Reflector / Clear Flange.

### ORDERING
