

LR944 - PHENOLIC BAFFLE NARROW APERTURE 4" LINE VOLTAGE TRIMS

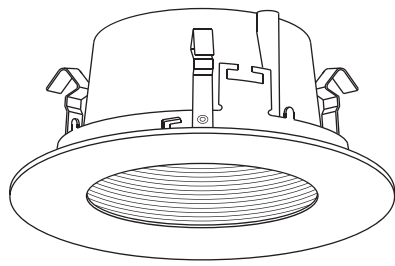

PROJECT INFORMATION

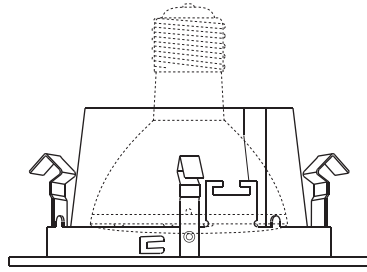

Type :

Project :

Catalog # :

2 3/4"

5"

FEATURE(S):

SPECIFICATION

120V 50W Max PAR20 MED E26

Application: This trim allows a defined location to be lit without affecting the surrounding surfaces while concealing the lamp image and providing a consistent ceiling appearance. The smaller the aperture the more confined the illumination.

Pinhole trims provide the type of precise illumination needed for artwork such as paintings and statues. They are also ideal for cozy environments like restaurants and living spaces where glare-free illumination is desired.

Aside from accent lighting, they can also be utilized for task lighting applications such as above tables, workspace, cabinetry, and other locations where a directed beam is desired.

Gasket: Supplied with gasket to prevent light leakage and unsightly heat streaks on ceiling surface.

Mounting Steel pressure springs mounted on trim to ensure positive retention inside housing.

Baffle Finish: Molded baffle ridges eliminate stray light. Available in White and Black.

Ring Finish: Die-Formed Aluminum Trim Ring Available in White and Black.

Label: U.L. Listed, E.T.L. Listed

COMPATIBILITY

LH99

STANDARD HOUSING

LH99IC

IC DOUBLE WALL HOUSING

LH99R

REMODEL HOUSING

Note: Wattage limitations on compatible items must be met.
