

PLK745 - BAFFLED WALL WASH - MAGNETIC 6" COMPACT FLUORESCENT LH7 RETROFIT TRIMS

PROJECT INFORMATION

Type :

Project :

Catalog # :

SPECIFICATION

CFL (1) 13W Max DTT

Application: Liton's **Compact Fluorescent Retrofit** kits are designed to replace traditional incandescent light sources in existing Non-IC LH7 series housings diameter recessed housings. With the use of this conversion kit, you can achieve equal or greater light than most incandescent light sources at a reduced rate of wattage or energy consumption; resulting in overall cost savings.

All mounting hardware is included to ensure a hassle free installation.

Finish: Available in White and Black.
