SPECIFICATION

CFL DTT/TTT

Application: Liton's **Compact Fluorescent Retrofit** kits are designed to replace traditional incandescent light sources in existing Non-IC LH7 series housings diameter recessed housings. With the use of this conversion kit, you can achieve equal or greater light than most incandescent light sources at a reduced rate of wattage or energy consumption; resulting in overall cost savings.

All mounting hardware is included to ensure a hassle free installation.

Lamp: Available in (1) 13W DTT, (1) 18W DTT, (1) 26W TTT and (1) 32W TTT.

Finish: Available in White, Black, Clear and Gold.
