

L116 - MINI GLASS DOME TRIM & HOUSING

MINIATURE RECESSED

For recessed or surface use

SPECIFICATION

12V 20W T3 G4

Application: For an attractive miniature recessed point source with minimal dimensions, these "Puck Lights" are a perfect fit for cabinets, displays and other accent and task lighting applications. Using relatively inexpensive Bi-Pin G4 halogen lamps with integral high quality specular reflectors these lights illuminate tight space effectively with a smooth and bright uniform illumination.

Housing: Die- Cast aluminum body, with pre installed tempered safety glass. Pre-wired housing for use with remote transformer (dimnable or non dimmable). Supplied with 12" high-temperature rated wire leads. can be used with standard remote low voltage dimmers. Recommended for use with electronic, solid-state low voltage transformers.

Socket: 2-pin porcelain socket with aluminum heat sink plate. "

Finish: Available in White Trim, Black Trim, Natural Metal Trim, Copper Metal Trim and Mocha.

Label: cETL Listed
