

L128 - 2" MINI RECESSED LIGHT W/ LAMP

MINIATURE RECESSED

SPECIFICATION

12V 20W T3 G4

Application: For an attractive recessed or surface mounted point source with minimal dimensions, these "Puck Lights" are a perfect fit for cabinets, displays and other accent and task lighting applications. Using relatively inexpensive Bi-Pin G4 halogen lamps with integral high quality specular reflectors these lights illuminate tight space effectively with a smooth and bright uniform illumination.

Housing: Die- Cast aluminum body, with pre installed tempered safety glass. Pre-wired housing for use with remote transformer (dimmable or non dimmable). Mounts to surface or can be recessed Trim is secured with torsion wing springs. Supplied with 12" high-temperature rated wire leads. can be used with standard remote low voltage dimmers. Recommended for use with electronic, solid-state low voltage transformers.

Socket: 2-pin porcelain socket with aluminum heat sink plate. "

Finish: Available in White Trim & Housing, Black Trim & Housing, Gold Trim & Housing, Natural Trim & Housing and Copper Trim & Housing.

Accessories: Lamp included.
