

Stock or specify just one LED housing to handle most LED dimmers.

▶ **Smooth Flicker-Free Dimmer Compatibility**

UniDim™ intelligent lighting technology eliminates the gaps, jumps and sections of inconsistency that are typical when controlling LED products with Triac/Incandescent controls. UniDim™ provides the same smooth, uniform response when dimming LED that you would expect when dimming an incandescent product.

▶ **Reduce Inventory & Fixture Variety**

Distributors supplying new construction projects can now purchase and warehouse just one product to accommodate several different projects. Specifiers can now use just one product to satisfy all the needs of a project regardless of existing or planned wiring or lighting control systems.
