

LP2991 - TRACK LIMITER 2 CIRCUIT / 2 NEUTRAL TRACK ACCESSORIES

Limits current to track to save energy and meet new stringent energy codes such as ASHRAE/IESNA 90.1. For CEC version use -CEC as Suffix.

SPECIFICATION

Mounting - Electrical feed mounts directly to surface for through ceiling wiring. Cover plate and feed mounts directly to 4 inch octagonal electrical box (by others).

Construction - track limited housing constructed of injection molded polycarbonate. Black plate constructed of gvanized steel."

Electrical - Operates on nominal 120vac. Integral switchable thermal circuit breaker combines on/off switch and circuit protection for specified load. Device will interrupt power based on time versus current trip when specified load is exceeded. Electrical connections are concealed in an isolated liner.

Connector: Factory Installed specification grade 2-circuit 2-Neutral track connector.

Finish: Available in All White and Black Casing/White Switch.

COMPATIBILITY COMPATIBILITY

LP	 LP20
1 CCT TRACK CHANNEL	SURFACE TRACK

Note: Wattage limitations on compatible items must be met.

2016.6.14

FEATURE: 

ORDERING EXAMPLE : LP2991-12W

LP2991	WATTAGE	FINISH
LP2991	-12 :120W/1A-	B :Black Casing/White Switch
	-30 :300W/2.5A+	W :All White
	-60 :600W/5A+	
	-108 :1080/9A-	
	-120 :1200W/10A-	
	-144 :1440W/12A-	
	-168 :1680W/14A-	

* Extended lead times apply. Consult factory for All Black or other wattages.
