## **LP30 - RECESSED TRACK**

## 3 CIRCUIT / 1 NEUTRAL TRACK ACCESSORIES

SPECIFICATION 120V/277V

**Application:**Architectural 20 Amp 3 Circuit / 1 Neutral track is designed to be a durable, dependable, and simple-to-install lighting solution. The track's extruded aluminum construction and continuously crimped conductor ensure mechanical strength and electrical reliability. The integral suspension rail and pre-drilled mounting holes of the track simplify recessed installations, LPC39W external bracket can supplied for suspending track from above the extrusion.

- Oversized Conductors for higher operating safety and reduced overload potential.
- $\bullet$  Secure Bus Bar Insulation firmly crimped insulation secures both conductors and insulation for the life of product
- Separate Mechanical Suspension Points provides superior weight bearing capacity; ensures electrical contact integrity and reduces likelihood of arcing.
- $\bullet$  Polarity Ridge takes the guesswork out of connector and track alignment during installation.

Connector: Factory Installed specification grade 3-circuit 1-neutral track connector.

**Length:** Available in 4', 6' \*, 8' and 12'.

Finish: Available in Bright White and Black.

Label: UL Listed
