TYPE CATALOG#

LR577 - ADJUSTABLE GIMBAL W/ BAFFLE

5" LINE VOLTAGE TRIMS

SPECIFICATION

120V 50W Max PAR20 MED E26

Application: The MR16 adjustable trim combines the aiming capabilities of a small aperture trim while maintaining appearance of the 5" trim. These trims have a large degree of rotation that allows for pinpoint illumination in an accent lighting application. The MR16 lamp has a controlled beam spread that produces the level of light intensity needed to properly highlight an object.

Mounting: Steel pressure springs mounted on trim to ensure positive retention inside housing.

Baffle Finish: Die-formed aluminum baffle ridges eliminate stray light. Available in White and Black.

 $\begin{tabular}{lll} \textbf{Ring Finish:} & Die-Formed & Aluminum & Trim & Ring & Available & in & White, & Black, & Natural & and & Copper. \\ \end{tabular}$

COMPATIBILITY

LH5 STANDARD NEW CONSTRUCTION HOUSING

Note: Wattage limitations on compatible items must be met.
