

LRXQ302 - SQUARE TRIMLESS LENSED REFLECTOR

3" MINI-ARC SQUARE LOW VOLTAGE LIGHTING

SPECIFICATION

Application: Mini-Arc² Phantom 3" Square Trims feature LITON's exclusive Phantom 'Trimless' design that allows the trims to sit flush to the ceiling with no visible trim ring. They are designed for low to medium ceiling heights in retail, hospitality, commercial and high-end residential applications that benefit from zero sight line linearity and symmetry in modern interior lighting designs. Fully die-cast construction insures long lasting beauty and durability.

Trim Construction: Trim is die-cast and includes a perforated mesh flange for installation in drywall or plaster ceilings. Mudding may be applied right up to the edge of the trim producing a clean, flat 'Trimless' look.

Lens: Frosted lens controls glare and eliminates view of lamp. Built-in hinge allows easy access to lamp mechanism and facilitates trim removal.

"Mounting: Steel pressure springs mounted on trim to ensure positive retention inside housing. Cable tether secures trim to housing for easy maintenance. For trimless applications mud flange provided with LRX style reflector can be attached to bottom of ceilings up to 2" thick."

Finish: Only available in White.

COMPATIBILITY

LHQLD3

**3" 12W/19W MINI-ARC
SQUARE LED HOUSING
(DIMMABLE)**

LHQ3LV

**3" MINI-ARC SQUARE
12V MR16 HOUSING**

Note: Wattage limitations on compatible items must be met.

Benefit:

- Seamless Die-cast construction for a rich appearance and superior durability.
- Creates a flat ceiling, zero sight line appearance.
- Frosted lens eliminates lamp image and softens the light.
- Supplied with earthquake safety tether.
- Hinged lens allows easy trim removal.
